INTRODUCTION

Al Beladi is one of the emerging Industrial Support Services Est. providing quality services for Contracting, Trading, Manpower & Rental Equipment's Solution. We have established our business reputation based on reliability, timely services & high-quality workmanship to meet the expectation of our valuable clients. Keeping in view today's competitive working environment we are constantly striving for excellence. We are intended to expand our business by improving our quality services keeping in view the pace of modern industrial requirements.

We Understand & appreciate that any/all rental applications demand flexibility, reliability, speed with ZERO compromise in quality & service standards Al Beladi ensures its clients quality service & 100% customer satisfactions

MISSION & VALUES

To become leading & most trusted industrial equipment rental & support services provider in K.S.A specializing in trading & contracting.

To provide our valuable clients highest quality services & business processes guided by our core values i.e., Quality, innovation, integrity & liability serve as guidelines for our conduct & behavior as we work towards our vision & Mission.

Team work, supporting each other & working as one team to achieve our goals.

Responding to the expectation of our customers & partners in a timely manner

OUR GOALS

Leadership:

Our Vision is to create a team where every individual has, the opportunity to reach their full potential through innovative & inclusive leadership.

"If your actions inspire others to dream more, learn more, do more & become more, you are a leader" - (John Quincy Adams)

Customer Satisfaction:

Customer satisfaction is our passion.

"A satisfied customer is the best business strategy of all." - Michael LeBoeuf

Innovation:

Innovation helps you stay ahead of the competition & helps you take advantage of new technologies.

"The value of an idea lies in the using of it." - Thomas Edison

COMPANY OBJECTIVES

Team Work

Teamwork is the key to the success of any project. Team members complement and support each other, which positively affects the result of the work

Success

Achieving success depends on teamwork and a carefully crafted project plan.

Innovation

Be Innovative. Dare to be different

Creative

A creative approach to working on a project allows you to create unique products that are not similar to those on the market. This gives an additional competitive advantage when promoting a product.

Fast Support

Rapid response to changing situations allows resources to be redirected and the project completed within a predetermined time frame

MANPOWER SUPPLY

Human Resources being an important area of our business service backed by a team of competent, professional and highly experienced personnel allows us to serve you with a high standard using ready reckoner solutions to achieve favorable outcomes related to sourcing and recruitment. We have a good recruitment team and network to support our clients and has proven its excellence in providing quality and well skilled people for short term as well as long-term assignments to Oil & Gas, Petro Chemicals, Construction and various government and semi government projects. We have the capability to cover up any extra requirement based on the client's request and is capable to provide any volume of personnel for shutdown or any other industrial related jobs.
